

# TOWN TALK

Town of Hideout Newsletter

## JOIN US FOR A BBQ, MUSIC, AND KICKOFF FOR STATION 56

A special invitation to all Hideout Property owners to support Station 56 Fire and EMT services in Hideout! Parking will be along Recreation Drive. (See map below.)

Join us for a community event to raise money for Fire Station 56 and bring life-saving emergency services closer to home.

## SMOKIN' HOT BBQ

10 A.M. - 1 P.M.  
SATURDAY, MAY 4  
11545 N. RECREATION DR.  
HIDEOUT, UT 84036

DONATE TO STATION 56

### Recreating With Your Pet?

With warmer spring temperatures here and summer on the way, more Hideout residents will be recreating outdoors with their dogs within the Town and nearby mountains.

Because food is scarce in winter, big game animals are vulnerable and weak by springtime. They can be easy targets.

"While pets are allowed in all national forests, they must be kept on a leash no longer than 6 feet while in developed recreation areas (like campsites) and on established, interpretive trails. Most of the other areas within national forests do not require dogs to be on a leash, but they must be under the owner's control at all times."  
—Wild Aware Utah

### What About Controlling Your Pet in Hideout?

If you are a pet owner, please read Town Code 6.10.010—6.10.090, found on the "Town Code" menu at [www.hideoututah.gov](http://www.hideoututah.gov). According to Hideout Town Code 6.10.020:

"A dog shall be considered to be 'at large' when it is off the owner's property and not under immediate control by means of a durable restraint device capable of keeping the dog restrained."

Town Code 6.10.090 states that animals can be taken into custody and impounded under these conditions:

1. Any dog being kept or maintained contrary to the provisions of this chapter.
2. Any dog running at large, without any reasonable means used to immobilize.
3. Any dog which is not licensed. A dog not wearing a tag shall be presumed to be unlicensed for the purpose of this section.
4. Any abandoned or neglected dog whose safety may be threatened should the animal not be readily placed into protective custody.
5. Dogs which are not vaccinated for rabies in accordance with the requirements of this chapter.
6. Any animal needing to be quarantined.
7. Any potentially dangerous or dangerous animal not properly confined as required by this chapter.

Please remember that any person having knowledge of any individual or dog having been bitten by an animal subject to rabies shall report the incident immediately to the Wasatch County Sherriff Department at 435-654-1411. Or, if you have an animal control incident you want to report, call the same Department.

- Utah Fishing
- Hideout App

### Coming Up—

May 4, 10:00am-1:00pm  
Let's Ignite Station 56  
Smokin' Hot BBQ

May 9th, 6:00pm  
Town Council  
Regular Meeting

May 16th, 6:00pm  
Planning Commission  
Regular Meeting

May 27th  
Memorial Day  
Town Hall closed

"May we never forget freedom isn't free." - unknown

### Thank You!

Thank you to all who supported the Jordanelle Cleanup last Sunday! Let's keep up the good work as we see daily opportunities to keep our Town litter free.

### Six Great Spots for Utah Fishing this Spring

From the Utah Division of Wildlife Resources, comes great news for Hideout anglers:

"An added bonus of the past two wet winters has been improved fish habitat, and we expect to see continued strong growth of many fish species this season. Anglers will likely see plenty of trout this year...Also, regardless of species, the fish that anglers catch this season should be healthier than in recent years."

Here are 6 spots to check out this spring and summer:

**Bear Lake**—a Blue Ribbon fishery—Utah/Idaho border.

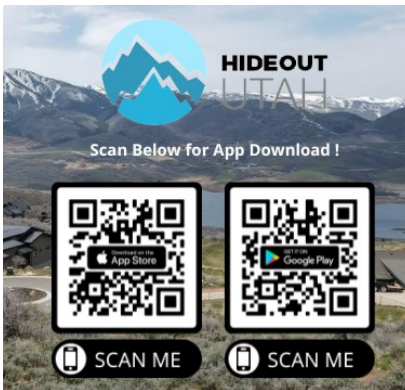

**Flaming Gorge Res.**—another Blue Ribbon fishery on Utah/Wyoming border.

**Strawberry Reservoir**—a kokanee salmon fishery.

**Recapture and Blanding Reservoirs** in southern Utah—northern pike, catfish and largemouth bass—take time to visit Monument Valley

**Lake Powell**—a Blue Ribbon fishery on Utah/Arizona border

Not one of the 6, but in our own back yard is Jordanelle Reservoir—larger rainbow trout have been stocked—smallmouth bass and kokanee salmon as well.
